To Whom It May Concern:

I am happy to write a letter of recommendation for Adam Rosenboom. Adam was employed by The Abraham Joshua Heschel School for two academic years beginning in September, 2004 as a full-time music teacher in the high school division. Adam taught four classes, coached the chorus and also a chamber ensemble.

Adam is a sensitive and talented musician and serious music students understood this and respected him greatly. He worked well with the performance groups with which he interacted successfully both in and out of school.

Adam is also a gifted writer of curriculum. He is able to articulate curricular goals and content in cogent, compelling prose. He is also an able spokesman for the integration of music curriculum within other disciplines.

Adam would be an asset to a serious music program with serious music students. If I can be of further help, please phone at 212 246 7717 ext. 11627.

Sincerely,

Ahuva Halberstam
